

A.L.P. Lighting Components Olive Branch, MS

A.L.P. Lighting Components, Inc., is a leading global manufacturer of lighting components, offering a diverse line of products for lighting OEMs and the aftermarket. Founded in 1972, A.L.P. has grown from a modest, Chicago-area based operation, to an international powerhouse, with nearly 600 employees and nine world-class manufacturing and distribution operations strategically located throughout the U.S., Europe, Latin America and South America.

With newly purchased and relocated, state-of-the-art manufacturing equipment for plastics thermoforming, gasketing and extrusion, the 127,000 sf Olive Branch, MS plant will play a flagship role in the company's future growth plans. Its added capacity also is vital to supporting our customers' changing and advanced requirements.

- Thermoformers, cut sheet and in line
- Robotics (6-axis, CNC routers)
- Extruders, sheet and profile
- Manufacturing support operations
- Assembly
- Warehousing
- Custom sheet cutting (Hendrix, Shear, Multicam)
- Sonic welding
- In-house mold design for rapid prototyping
