

A.L.P.'s gripper and suspension product family now includes an expanded offering of cable tethers. Available with dramatically reduced lead times, these tethers can be used as part of A.L.P.'s kitted suspension options or in your own suspension application. They allow for the fast, clean, cost-effective mounting of linear, direct/indirect, and other suspended luminaires.

A variety of cable length and diameter options are available.

Contact A.L.P. to ensure fitness for purpose and suitability. Please call 877-257-5841 for pricing and delivery.
