22-gauge, pre-painted steel.

Description

The Sentry® series is A.L.P.'s flagship Gasketed Enclosure. For general purpose and energy-efficient surface or suspended Fluorescent and LED enclosure, suitable for wet, damp, dusty and cold applications. Gear Tray choices of 1 and 2 rows include Tube types (fluorescent and LED) or use of LED linear boards attached to your choice of flat or angled gear trays. Truly a multipurpose use enclosure for many solutions.

Applications

Ideal for use in dusty, dirty and/or wet environments including food processing, cold storage, kitchens, parking garages, car washes, covered canopies, pedestrian tunnels, concourse, industrial, and horticulture spaces.

For applications where the temperatures may exceed 80° C, A.L.P. recommends the use of stainless steel traylats. (i.e. three lamp/row fixtures)

Certifications

- UL/cUL recognized component
- Wet Location listed
- NSF ANSI Standard 2
- NEMA4X*
- IP65 and IP66 rated*

*Barricade lens and approved pressure vent required.

 $\ensuremath{\mathsf{4MTARSMI}}$ lens, FEPW end plug and LPC latches shown.

Features

- Rigid one-piece housing construction.
- Two ¼-28 brass studs molded into back of housing for attachment of optional mounting brackets.
- En-seal [™] gasketing provides superior resistance to moisture absorption versus conventional gasketing.
- Lens retained by eight suitcase style latches.
- Molded latch pockets compatible with standard and tamper-proof latches in stainless steel and polycarbonate.
- Gear trays secured to #10-32 brass studs molded into housing via threaded hex steel mounting standoffs.
- Gear tray mounts to #10-32 brass stud molded into housing by two plastics or steel Traylats. for easy, tool-less removal.
- LED Module tray available for one and two rows of nominal 22" LED boards.
- Gear tray suspends from housing by two security straps during servicing.
- 4ft Sentry LED Parking Garage is in Parking Garage Compliance when the Sentry 4ft LED Angled Gear Tray (SENTGT4P38LED) is paired with the Sentry 4ft Parking Garage Reflector (SENTGT4P38REF).

A.L.P. submitted this fixture for wet location testing in the horizontal surface mounted position. Any other operating

position should be test verified by the OEM. Please contact A.L.P. for pricing and delivery.

All specifications subject to change without notice. A.L.P. assumes no responsibility for these materials in any luminaire or application.

The product is an OEM component kit requiring final assembly by a qualified OEM fixture manufacturer.

Sealant required for wet location use.

For Nema 4X, IP65 and IP 66 a UL recognized component (NITW2) breather vent rated Type 4X is required

1. Sealant required for wet location use.

- 2. A.L.P. recommends using TRAYLATSS for three lamp fixtures.
- HB rated material are not acceptable for use as an electrical enclosure, they require an internal metal enclosure "strip fixture". 3.
- 4.
- Orders must be ordered in bag or carton qty's. If hardware is purchased through ALP the MOQ will be based on the outsourced vendor MOQ's 5.
- 6. For custom hole/feature patterns, supply Order Sheet to BBS or Customer Service Representative.
