

## General Description

This luminaire kit is designed with a diffuser combination for outstanding glare control and light distribution. Ideal for surface or pendant commercial applications, it is available in multiple sizes and features an optional seamless joiner system for mounting in continuous runs. Its electrostatically applied polyester powder coat has a matte white finish.

## Features and Benefits

- Linear low cost LED luminaire
- Electrostatically applied polyester powder coat paint in matte white finish with 92% reflectivity.
- Formed and welded in 24-gauge Steel (0.60mm).
- Rigid acrylic technical ribbed diffuser with 90% light transmission.
- Pendant or surface installation options, individually or in continuous rows.

## Applications

Suitable for interior applications including hospitality, healthcare, education, retail, and office environments.
